Local Rule on goal scoring
Any one player on a team will only be allowed to score a *maximum of 3 goals per game*.
This rule is effective for the normal rounds of hockey and WILL NOT be effective for grand final weekend, where all players will have no restrictions on the number of goals that they are able to score.

Benefit and reasoning – Development of skills and team play across all divisions of hockey.
Dominant teams and individual players will benefit by developing strategies including setting up attacking play utilising all their team players.
